Academy

Welcome to BrightPath Academy

Everything we stand for revolves around providing the very best in care for your children. Here at BrightPath Academy, **we understand just how tough the decision and transition can be to send your child to school.**

Who is going to look after my child? Will they be safe? What will they do all day? Are they going to be challenged?

These are all questions we have wrestled with as parents. We would like you to consider us as an extension of home; a caring and nurturing place where your children are intellectually and emotionally stimulated by dedicated staff that are not only early childhood educators, but amazing human beings.

Curriculum

BrightPath Academy understands that early childhood development sets the foundation for life-long learning and behaviours. Our Academy is dedicated to delivering a curriculum that **ensures we are meeting each individual child's developmental needs** in an inclusive, holistic environment. At BrightPath Academy we acknowledge that children are competent, capable, curious and rich in potential. Children have the freedom to explore, take safe risks and discover through trial and error. BrightPath Academy welcomes individuality, celebrates uniqueness, encourages creative expression, and fosters an environment where belonging and freedom of expression are integral.

Key Areas of Focus:

- Literacy
- Numeracy
- Discovery/Imaginative Play
- Cosmic and Continent Studies
- Small Worlds/Loose Parts
- Creative and Arts

Environments

Our Environments are set up to act as a 3rd teacher. This provides access to rich educational materials, having quiet and social areas for best learning, teaching responsibility to the children, and working as a community to create an environment that is organized and promotes readiness to learn.

Inter-Curricular

The inter-curricular program is an important part of learning. Our program offerings change frequently throughout the year to promote holistic development, engage the interest of the child, and establish a **love of arts and movement** in a variety of disciplines.

Yoga

Yoga strengthens and helps developing bodies become more flexible and coordinated. It also enhances self-awareness as children learn early to tune into their bodies.

When practicing yoga, children learn how to relax their minds and bodies and self-regulate through conscious breathing techniques and meditation.

Inter-Curricular

WeeMove

Studies have proven getting children moving is essential for their physical health, while boosting cognitive skills, academic performance and mental well-being.

WeeMove™, our proprietary physical literacy program, was developed with this research in mind. It incorporates physical fitness around a core learning program and is offered to our preschool and toddler age groups.

The program is designed to engage the children on multiple levels, instilling a love of movement while making learning fun. Set to music and generally taught outdoors, children will participate in this program once a day, four days a week.

Our Dining Experience

Nutrition is essential to fuel optimal growth and development in order for children to reach their full potential. The healthy and delicious meals and snacks for the children at BrightPath Academy are catered by our award winning partner, Real Food for Real Kids© (RFRK).

Started in 2004, Real Food For Real Kids is a good food social enterprise and a pioneer in delivering delicious and truly nutritious food for kids in childcare centres, elementary schools and camps. They focus on sourcing fruits, vegetables, and products grown and produced locally. Today, RFRK prepares and delivers real food meals and snacks to over 15,000 children across the GTA.

All BrightPath Academy centres are completely nut-free and we work with the families of children that have other food sensitivities and allergies to ensure the safety and well-being of all children in our centres.

If your child requires a special diet for cultural or medical reasons, we will do our best to accommodate your family's needs.

A photograph of two women and three children in a classroom setting. The women are leaning over a wooden table, smiling and interacting with the children. The children are sitting at the table, playing with colorful toys and containers. The background shows a typical classroom environment with shelves and toys.

Our People

The individuals that make up our teams are **passionate** and strive to deliver the very best care for every child. We follow a robust recruitment process and onboarding training to ensure the best delivery of our programs. All our educators are certified early childhood educators and have completed first aid training as per regional regulations.

Furthermore, we provide ongoing program and safety training that enable our educators to provide holistic learning in safe and joyful environments. Each child's safety and well-being is our top priority. Our educators **support** children's play experiences while encouraging them to explore, discover and unleash their potential. Our educators are the ones who ultimately make our programs **fun and interesting**, and we trust them to make every day special.

Connect

We recognize it is hard to find the time to stop and discuss your child's day with their educators at pick up. That is why BrightPath is proud to offer our complimentary parent communication app that helps families feel **connected**.

Features

Digital Scrapbook:

Access your child's portfolio filled with learning stories, pictures and videos. Download the ones you love!

Milestone Tracker:

Follow your child's development and track achieved milestones.

Daily Reports:

Check-in on your child's meals, snacks, sleep, toileting, activities and observations.
