

Covid-19 Update: April 12, 2020

Dear BrightPath Parents,

I write to you today to provide an update regarding recent developments.

As you are aware, the Premier of Ontario has announced, on the advice of the Chief Medical Officer of Health, the extension of the declaration of emergency across the province and the continued closure of licensed child care centres until April 23, 2020 at which point it will be reassessed.

We continue to receive positive feedback on the content of our Learn at Home program. There are many excellent resources to keep your children engaged and learning. These include age-appropriate children's learning modules, yoga, dance and story time videos, reference material and recipes, to name a few. You can access this material through our website <https://brightpathkids.com/learning-at-home/> and Instagram and Facebook posts: <https://www.instagram.com/brightpathkids>
<https://www.facebook.com/BrightPathKids/>

Don't forget to share posts of your family enjoying these great activities; we also invite you to share our Learn at Home program with friends and family.

By way of update, we opened 2 centres last week at the request of the Province of Ontario to provide child care to essential service providers and are humbled by the notes of gratitude from the families we are supporting. We have another centre opening this coming week. Links to the applications and other information are provided on our website:

<https://brightpathkids.com/essential-services-childcare/>

We hope that you and your family are safe and well, and we will continue to keep you informed as we receive further information.

Kindest regards,

Carol Caddoo
Director of Operations, Ontario
