

## **Covid-19 Update: May 20, 2020**

### **Extended Closure Order**

I hope this finds you all well. It looks like we have finally turned the corner into a stretch of nice weather and I hope you are able to enjoy some time outside!

As you will be aware yesterday the Government of Ontario extended the emergency closure order for licensed child care centres **until May 29<sup>th</sup>**.

While there was mention of childcare re-opening being part of phase 2, at this time I don't have any further details to provide you.

I will continue to keep you informed of any further developments.

Take care and be safe,

**Carol Caddoo, RECE**  
Director, Ontario Operations
